

## GET A GRIP ON LONG-LASTING PRECISION THE NEW CC LONG TAPES FROM HULTAFORS.

Take a measure and feel the difference. The amazing grip optimised for each case size, the unique single-hand grip that allows you to just stretch and measure, and the high-quality precision mechanism inside to ensure smooth operation. All in an extremely durable case, designed to take a beating. In addition, a unique loop allows you to attach the tape measure to facilitate measuring still further. And with features such as a choice of steel or fibreglass blades and smart hanger solution for safer work at heights, you can count on superior reliability and ease of use – measure after measure.

### LONG TAPE CC

The CC tapes have a unique one hand grip for each case size enabling optimal handling. The CC tapes come in a variety of lengths with blades of either white impact resistant steel or fibreglass. Type approved as per EU Class 1. With a solid high-impact case of ABS plastic that have literally been made to take a beat. Unique loop with added features and a mouth-piece with anti-wear function. Hole hanger for strap enabling safe work at heights.

#### Steel Blade

- White, impact resistant steel blade, graduated using highly accurate ink jet print
- Protected by a matt polyester lacquer that also reduces glare
- The blade is protected against corrosion and can withstand contact with moisture and the majority of solvents
- The medium size case has quick gear function 3:1

#### Fibreglass Blade

- Yellow fibreglass blade that is strong, flexible and can be bent without any problem
- The tape can withstand moisture, temperature fluctuations, the majority of chemicals and is electrically non-conductive
